Black & White Professional
Print Systems

Outstanding performance from Canon

Consistent quality - print to print, run to run - that's what you can expect from the powerful iR125VPe. It enables you to shift short-run jobs from your offset press - quicker and more profitable.

Capable of a super-quick 125 prints-per-minute and volume production of up to

3.5 million prints per month, it's a machine that thrives on responsibility. Configurable with up to 12,000 sheets in-line from nine different sources, and catering for throughput of up to 266 gsm in weight, it's the ultimate machine for high volume digital print production environments.

A modular production system, allowing you to select a configuration to maximise productivity in your own environment.

Specifications iR125VPe

<p>BOURG PERFORATING ROTATING & FOLDING UNIT -BPRF (OPTIONAL)</p> <p>Paper Sizes Power Requirements Dimensions (H x W x D) Weight</p>	<p>A4 & 8.5"x 11"-Up to 279 x 432 mm (11"x17")</p> <p>220 V, 50 Hz</p> <p>1,290mm x 1,620mm x 780mm</p> <p>255 Kg</p>
<p>MULTI-STACKER INTERFACE KIT (OPTIONAL)</p>	<p>Supports up to three stackers on one device</p> <p>One kit is required for each additional Stacker</p>
<p>OPTIONAL FEATURES</p>	<p>MICR printing</p> <p>Enhanced Feed Mode</p> <p>PCL Interpreter</p> <p>Extended Paper size Range</p>

- * Depends on customer job stream & number of shifts.
- ** With extended paper size option.
- *** With optional Paper Supply Module.

- ¹ Other Data stream support available, please ask for details
- ² Caliper must fall within 3.5mil to 10mil (0.9mm to 0.25mm) - an external supply of compressed air is required for heavier media types, together with the Enhanced Feed Mode option.
- ³ Customised Punch tools are available on request.
- ⁴ Other scanner options are available, please ask for details.
- ⁵ Stacker is required for Booklet-maker and Perfect Binder.
